## ABOUT SIDDHARTH UNIVERSITY

Siddharth University, Kapilvastu, Siddharth Nagar (U.P.), established in 2015 as a State University, has emerged as a significant institution of higher learning in the eastern region of Uttar Pradesh. Situated near the Indo-Nepal border in a predominantly rural and agrarian area, the University plays a vital role in promoting education, skill development, and socio-economic progress. It serves as a catalyst for regional upliftment by providing access to quality higher education and creating opportunities for research, employment, and social inclusion.

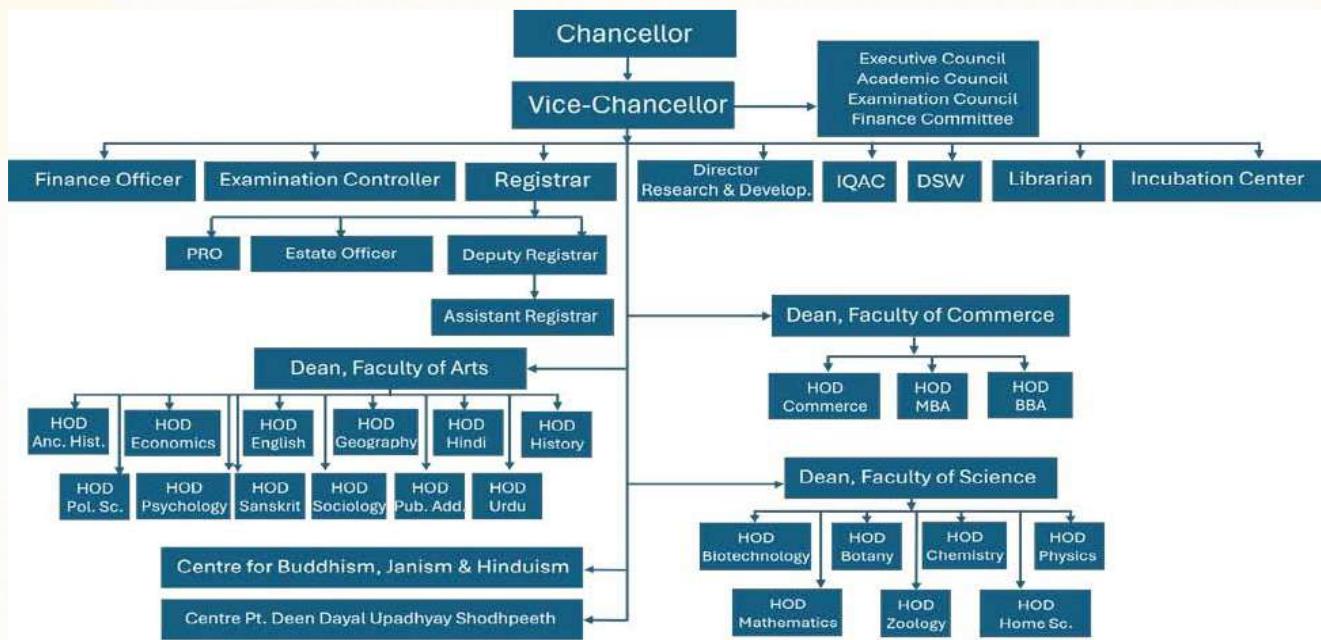

Within a short period, Siddharth University has made remarkable progress and has been awarded the Gold rating by the international agency *QS I-GAUGE* for its excellence in academics, infrastructure, and institutional performance. At present, the University affiliates around 250 colleges, catering to nearly two lakh students across diverse disciplines. Through its outreach, it has expanded educational opportunities for marginalized communities, improved literacy levels, and enhanced women's participation in higher education.

Academically, the University comprises 24 departments under the faculties of Arts, Science, Commerce, and Law. It offers a variety of undergraduate, postgraduate, and doctoral programs along with professional courses such as MBA, BBA, and BA-LLB. The University also promotes academic collaboration through faculty and student exchange programs and Memorandum of Understanding (MoUs) with national and international institutions.

The University has developed a modern and well-equipped campus that includes facilities like the Sambodhi Central Library, Gautam Buddha Auditorium, Tathagat International Guest House, seminar halls, hostels, sports complex, open gym, and digital learning resources. Upcoming initiatives such as the establishment of a multilingual language lab and a student counselling center reflect its commitment to holistic education and employability enhancement. The peaceful and green environment of the campus provides an ideal setting for innovation, research, and academic growth.

Guided by the motto “Atta Deepo Bhava” (Be a light unto yourself), the University strives to combine traditional wisdom with modern education. Its mission is to produce skilled, ethical, and socially responsible individuals capable of contributing to the development of society and the nation. Through its focus on inclusivity, quality assurance, and student-centered learning, Siddharth University continues to strengthen its position as a hub of knowledge, innovation, and socio-economic empowerment in eastern Uttar Pradesh.

## HIGHLIGHTS OF SIDDHARTH UNIVERSITY

- University rated overall Gold by QS I-Gauge international rating agency.
- Fully Wi-fi Campus with 1 GBPS internet speed and firewall protection.
- Smart Classroom and Language Lab in the University.
- Computer labs in the faculties equipped with 150 computers.
- The curriculum as per National Education Policy framework.
- MoUs with 25 national and international organisations including SunWay University, Malasiya, NextGen Sports, Times Edutech, South Asia Center for Peace and Research and Sustainable development, Lumbini Buddhist University, Nepal, for academic and research collaborations.
- Fully equipped library with more than fifty thousand books and digital resources, including three thousand rare manuscripts, nearly ten thousand e-learning material, e-library and smart learning devices.
- Access to national and international journals and manuscripts through One Nation and One Subscription.
- A mix of undergraduate, post graduate and Ph.D. programs across the Faculty of Arts, Commerce, Science and Law including professional courses such as MBA, BBA, BA-LLB, Environmental Science etc.
- The academic programs have a blend of co-curricular, value added, vocational and skill-based courses supported with live exposure
- Opportunity to choose under CBCS, through bouquet of courses available on campus and MOOC platforms such as SWAYAM.
- Central Instrumentation Facility, including Aquanutri Innovation and Research lab, Molecular Endocrinology Research Lab, Molecular Biology & Protein Biochemistry Research Lab, Molecular

Modeling & Biophysics Lab, Nanomaterials Research and Advanced Electronic Lab (Tinkering Lab) equipped with modern technology and equipment to support state of art research outputs, which is available for all the stakeholders and independent researchers of the University.

- Seventeen faculty members of the University are included in the international A.D. Scientific index ranking, based on their research and publication.
- More than one hundred and sixty research publications have been published by the faculty members in the national /international journals of repute in the last academic year.
- Around thirty-two research projects are being run by the faculty members of the university with total cumulative worth of around thirteen million INR.
- The University has total 07 patents granted/published under the name of the faculty members, in the field of science and humanities.
- Dr. Ashutosh Srivastava, Associate Professor, Department of Zoology, Siddharth University was elected as Fellow of the Linnean Society of London.
- Around fifteen students qualified for National Eligibility Test for Lecturership as well as prestigious IASc-INSA-NASI Summer Research Fellowship.
- Industry Academia Meet supports the academic industry collaboration in the University required for apprenticeship and internship of the students.
- Campaign for entrepreneurship, self-employment, through PM RojgarYojna and Chief Minister YuvaSwarojgarYojna are conducted on regular basis.
- Events on AI, Cybersecurity and adoption of modern technologies are organised.
- MDP have been organised for effective learning and management of the organisation.
- Events under Mission Skakti are organised for empowering the women on and off the campus
- Events are organised under SUVOCAL scheme wherein awareness campaigns, events promotions are made for health, hygiene, job opportunities, productivity etc. at the adopted villages and nearby local areas.
- 80 Kwp Grid Solar System has been installed at the university campus to fulfil the green energy consumption of the University.
- The university has well furnished hostels (separately for boys and girls), sports facility, medical care unit, counselling cell, canteen facility, international guest house, commercial center, open gym, transport, bank and post office.

## FACULTY-WISE DEPARTMENTAL PROFILE

### A. FACULTY OF SCIENCE

#### DEPARTMENT OF BIOTECHNOLOGY

##### Brief profile of the department

Department of Biotechnology at Siddharth University, Kapilvastu was established in May 2021. The Department is conducting a regular course of M. Sc. Biotechnology as per NEP-2020, and its first regular academic batch was started in September 2021. The Department is running two batches of M. Sc. Course. The department has highly qualified and skilled faculties: Dr. Kapil Gupta, Dr. Dev Bukhsh Singh, Dr Manoj Kumar and Dr. Shubhra Gupta with expertise in different thrust areas of Biotechnological applications and are engaged in active teaching and practical guidance to the students. The field of Biotechnology applies the concept of various fields of science like Botany, Zoology, Chemistry, Bioinformatics, Physics, Mathematics, and Engineering that use biological agents for benefit of human beings. The first batch 2021-23 of this Department has completed its course. This field is based on techniques and is one of the most application-based subjects with lots of potential in the coming future. The course design is according to the CSIR-NET syllabus and suitable for the students for their research as well as academic demands. Collaborations are being established with several Universities and some Research institutes have been made to strengthen the research output on various thrust areas.

The Department provides the **State-of-the-Art** practical experimentation to the students. The Biotechnology department focuses on **product-based** approach by nurturing the curiosity of students about Biotechnological applications and Entrepreneurship to the students understanding. One of the areas of focus of our department is on theme “Waste to Wealth” by converting waste to a product that could be a Sustainable alternative utilizing the resources. Department of Biotechnology is gaining steps of success in respect of the placement of its students. The biotechnology Department also aims to focus on Siddharthnagar's popular rice varieties of **KaalaNamak** and improvements that can be made for its enhanced performance in terms of aroma and grain quality. The local medicinal plants of this region like **Paniala, Aparajita, Kachnaar**, etc. are being studied for various important secondary metabolites having medicinal properties and can be analyzed for diseases and ailment-curing capabilities. Apart from practical Laboratories Biotechnology Department also have a Plant Tissue Culture Laboratory for raising plant in Vitro for plant improvement and conservation.

## DEPARTMENT OF BOTANY

### Brief profile of the department:

The Department of Botany at Siddharth University, Kapilvastu, U.P., was established in 2015 with the vision of fostering excellence in teaching and research in plant sciences. A milestone was achieved in the academic session 2022–23 with the commencement of post-graduate teaching in Botany, adding to the Department's academic depth and outreach. In addition, the Department offers a three-year B.Sc. Biology programme (2024–2025) at the undergraduate level, fully aligned with the National Education Policy (NEP-2020). The Department also offers a Ph.D. programme in Botany, where research scholars are engaged in diverse research areas of plant sciences.

During the period of report, the department hosts a vibrant academic community of 67 undergraduate students, 40 postgraduate students, and 08 research scholars. The teaching faculty comprises Associate Professors (01), Assistant Professors (02), and Guest Faculty (03), who are dedicated to mentoring students and shaping their academic and professional growth.

The Department has developed excellent teaching programmes and laboratory facilities that support education and research in both classical and contemporary domains of Botany. Academic and research activities span traditional disciplines such as Cytotaxonomy, Environmental Microbiology, Floristic Studies, Genetics, Plant Breeding, Phytoremediation, Phycology, and Stress Physiology. This wide academic coverage reflects the Department's integration of conventional botanical sciences with modern research areas.

Research activities in the Department are actively supported through funding from diverse agencies, including the ANRF: SERB-SURE scheme, CST-UP, R&D Division of U.P. Higher Education Department, and the Siddharth University Seed Money Grant. Faculty members are engaged in externally funded research projects, which have been instrumental in advancing the Department's scientific output. In addition, the Department maintains active collaborations with reputed national and international institutions such as BHU, CSIR-NBRI, CSIR-CIMAP, BSI, AIIMS, University of Lucknow, University of Patana, and research groups in KRIBB, and ERCE, Poland. These collaborative initiatives have substantially strengthened the Department's research profile, facilitated the development of advanced infrastructure, and created enhanced opportunities for both faculty and students to participate in high-quality, multidisciplinary research.

Though relatively young, the Department of Botany at Siddharth University has steadily grown into a promising hub of botanical research and higher education in eastern Uttar Pradesh. With its blend of quality teaching, expanding collaborations, and a culture of curiosity and innovation, the Department is committed to academic excellence and to shaping future leaders in the field of plant sciences.

## DEPARTMENT OF CHEMISTRY

### Brief profile of the department:

The department was established in July 2022. The Department of Chemistry's postgraduate and research division is one of the most sought-after centres for chemistry education, boasting excellent infrastructure. It has come a long way, catering to the needs of society while also making inroads into the field of research. The department has introduced M.Sc. and Ph.D. programmes. Currently, there are 40 places available on the MSc course. First and second year PG students are involved in a research project. This year, the department has published 15 international SCI research papers, 4 international books and 1 national book. The department has also received a major research project from the Council of Science and Technology in Uttar Pradesh, as well as from the UGC-DAE CSR through the Indore Centre's Collaborative Research Scheme (CRS).

### Vision of the Department

To stimulate the young minds to contribute to the chemically literate society through active participation in learning and research.

### Mission of the Department

To produce skilled graduates in chemistry with highest professional standard, moral values and well-being to society.

### Objectives of the Department

- ❖ To impart a sound theoretical knowledge in Chemistry and a good practical exposure to improve scientific skill to meet the global requirements.
- ❖ To develop a good background in Chemistry to pursue higher education.
- ❖ To develop individual's skill in both theory and practicals with enriched knowledge in Chemistry to serve society.

### Future Goals

1. **Advance research:** Conduct cutting-edge research in various areas of chemistry, such as nano-materials and nanotechnology, energy storage materials, analytical chemistry, medicinal chemistry, and environmental chemistry.
2. **Interdisciplinary collaborations:** Collaborate with Universities, institutes and industries that have a strong reputation both nationally and internationally to solve complex problems.
3. **Education and Training:** We provide high-quality education and training to students, equipping them with the theoretical knowledge and practical skills they need. We continuously update and refine the curriculum to reflect the latest advancements in chemistry.
4. **Extension Activities:** We organize outreach programmes, such as seminars, workshops and industry visits, to promote interest in chemistry. We also establish partnerships with industry to provide students with internships, research projects and job placement opportunities.
5. We must establish a well-equipped nanoscience and nanotechnology lab in the department.

**Brief profile of the department:**

The Department of Home Science was established in the year 2021 with its first undergraduate programme (B.Sc. H.Sc.) having 09 undergraduates from the academic session 2022-23. It offers degree programmes at graduate, post-graduate and doctorate levels. At present, department is having a good strength of students enrolled in various degree programme at UG, PG and Ph.D. level. The department courses are inclusive of all five branches of Home Science ie. Food and Nutrition, Clothing and Textiles, Family Resource Management and Consumer Science, Human Development and Family Studies and Extension Education and Communication Management. The department has focused approach towards shaping careers of students, efficient classes management, academic counseling and student's involvement in academic as well as co-curricular activities for their overall personality development.

**Vision of the department**

To promote holistic education by combining scientific understanding and practical abilities across different areas of Home Science to train proficient professionals by cultivating critical thinking, enhance communication skills, and foster a sense of social responsibility in individuals who can aid in the sustainable growth of communities and elevate living standards through informed choices and creativity.

**Mission of the Department**

1. To develop the department as a Center of Excellence in the field of Home Science.
2. To develop human resources in the various domains of Home Science.
3. To empower students for fulfillment of their academic and professional passions through scientific application of principles, knowledge and practical experiences.
4. To strengthen and support dedicated teaching, research and extension.
5. To reach society through various academic activities for the welfare of society.

**Major achievement of the department:**

1. Research project sanctioned to Dr. Raksha from UPHED, Lucknow
2. Research papers published by faculty members in reputed journals
3. Organization of Exhibition by B.Sc. H.Sc. students to showcase the various domains of the discipline

From the academic session 2025-26, the department is also offering B.A. and M.Sc. H.Sc., besides B.Sc. H.Sc. and Ph.D.

### Students' achievements (2024-25)

- Jyoti Paswan ranked Second position in logo competition for 8<sup>th</sup> convocation of the university
- Jyoti Paswan ranked Third in both Long Jump and Riley Race during Annual Sports Mahotsav, SUK
- Amrita Pandey ranked Third in poster making competition, during Anti ragging awareness mahautsav

## Glimpses of Departmental Activities

## DEPARTMENT OF MATHEMATICS

### Brief profile of the Department:

The Department of Mathematics was established with the inception of the Faculty of Science in 2022. The Department of Mathematics offers an Integrated Bachelor of Science (B.Sc.) - Master of Science (M.Sc.), M.Sc. (2 Years) programme, and Ph.D. programme. The Integrated Bachelor of Science (B.Sc.) - Master of Science (M.Sc.) programme is designed as per Uttar Pradesh NEP 2020 UG-PG course structure aligned with FYUGP of University Grant Commission (UGC), New Delhi. The programmes offered by the Department are designed to meet the demands of academia and industry, where students gain a deeper understanding of Advanced Mathematics through a wide range of subjects, including Geometry, Calculus, Algebra, Numerical Analysis, Linear Algebra, Differential Equations, Mathematical Analysis, and Mathematical Modelling. Our programmes consist of skill enhancement courses such as Mathematical Aptitude and Reasoning, Co-Curricular Ability/Enhancement courses, MS Office, LaTeX, MATLAB, and a course on the Indian Knowledge System (IKS), like Vedic Mathematics. For hands-on experience on the computational tools, the Department offers practical courses based on MATLAB, MATHEMATICA, PYTHON, R-Programming, etc. The Department has ICT-enabled classrooms with a computer lab (Ramanujan Computer Laboratory) equipped with sophisticated computational software/tools. The faculty members of the Department utilize ICT tools, a modeling and simulation approach, along with the traditional methods for teaching and learning. The most unique feature of the department is providing study material to the students on Google Classroom. Students have access to study materials from Google Classroom at any time, from anywhere. The Department of Mathematics is supported by the National Board of Higher Mathematics (NBHM) under the Complementary Book Support Scheme. The Department of Mathematics conducts separate classes for various competitive examinations, including the NET and GATE. The Department aims to promote research in diverse areas of Mathematical Sciences, Fractal Calculus and Geometry, Hypergeometric Functions and Series, and Computational Fluid Mechanics and Nanofluids.

## DEPARTMENT OF PHYSICS

### Brief Profile of the Department:

In Siddharth University, the Department of Physics, post graduate teaching began from session 2021-22 with 19 students. Presently the department is running graduate, postgraduate and Ph.D. programs. The department has one associate professor and two assistant professors.

### Major achievements of the department:

1. The department has workstation facility with Linux version of Gaussian 16 software for computation work in Molecular modeling and Biophysics laboratory.
2. The department has also developed NanoScience & Nanotechnology Laboratory with advanced synthesis equipments and Fume Hood Facility.
3. Our faculties have delivered invited talks at international/national conferences.
4. Our faculties have published 5 research articles in national and international journals.
5. Our faculties have published 02 books with national and international publishers.
6. Dr. Manisha Bajpai has been awarded research project, sponsored by Council of Science & Technology Uttar and a research project from Department of higher Education, Uttar Pradesh.
7. Dr. Amarjeet Yadav has also been awarded one research project from Department of Higher Education, Uttar Pradesh.
8. Dr. Manisha Bajpai has received outstanding presentation awards in international conferences.

## DEPARTMENT OF ZOOLOGY

The Department of Zoology at Siddharth University, Kapilvastu, U.P., was established with the vision of fostering excellence in teaching and research in animal sciences. A milestone was achieved in the academic session 2022–23 with the commencement of post-graduate teaching in Zoology, adding to the Department's academic depth and outreach. In addition, the Department offers a three-year B.Sc. Zoology program (2024–2025) and a four-year B.Sc. Zoology program (2025–2026) at the undergraduate level, fully aligned with the National Education Policy (NEP-2020). The undergraduate course follows a four-year program designed to provide both conceptual knowledge and practical skills. The Department also offers a Ph.D. program in Zoology, where research scholars are engaged in diverse research areas of animal sciences.

At present, the Department hosts a vibrant academic community of nearly 200 undergraduate students, and 60 postgraduate students. The teaching faculty comprises Associate Professors (01), Assistant Professors (02), and Guest Faculty (04), who are dedicated to mentoring students and shaping their academic and professional growth.

The Department has developed excellent teaching programs and laboratory facilities that support education and research in both classical and contemporary domains of Zoology. Academic and research activities span traditional disciplines such as fish biology, Endocrinology, Molecular Biology etc. This wide academic coverage reflects the Department's integration of conventional animal sciences with modern research areas.

Research activities in the Department are actively supported through funding from diverse agencies, including the Welcome trust, ANRF: SERB-SURE scheme, R&D Division of U.P. Higher Education Department, and the Siddharth University Seed Money Grant. Faculty members are engaged in externally funded research projects, which have been instrumental in advancing the Department's scientific output. In addition, the Department maintains active collaborations with reputed national and international institutions such as Banaras Hindu University, Amity University UP, Bharathidasan University Trichy-Tamil Nadu, IIT Kanpur, National Taiwan Ocean University, Cardiff University UK etc. These collaborative initiatives have substantially strengthened the Department's research profile, facilitated the development of advanced infrastructure, and created enhanced opportunities for both faculty and students to participate in high-quality, multidisciplinary research.

Though relatively young, the Department of Zoology at Siddharth University has steadily grown into a promising hub of animal science research and higher education in eastern Uttar Pradesh. With its blend of quality teaching, expanding collaborations, and a culture of curiosity and innovation, the Department is committed to academic excellence and to shaping future leaders in the field of Zoology.

### *Vision of the Department:*

- To promote **quality education** through modern teaching methodologies, including smart classrooms, ICT-enabled learning, and the integration of traditional knowledge with advanced scientific tools.
- To create a **vibrant academic environment** by organizing workshops, expert lectures, subject-specific interactions, and educational visits that inspire and motivate students towards higher learning and research.

- To strengthen **national and international collaborations** with universities, research institutes, and industries, thereby enhancing opportunities for joint research, innovation, and academic growth.
- To nurture **student-led innovation, skill development, and entrepreneurship** in zoology, encouraging them to contribute solutions for global challenges in biological science, environment, and industry.
- To align departmental activities with the **Sustainable Development Goals (SDGs)** by advancing eco-friendly technologies, promoting environmental awareness, and fostering biodiversity conservation for a sustainable future.

***Research Facilities available in the Department of Zoology***

- ❖ Aquanutri Innovation and Research Lab
- ❖ The Molecular Biology and Protein Biochemistry Research Lab
- ❖ Molecular Endocrinology Research Lab

**Name & Designation of Teaching Staff:**

Name of the Teaching Staff	Designation	Specialization
Dr Ashutosh Srivastava	Associate Professor and Head	Fishery sciences,
Dr Ashish Srivastava	Assistant Professor	Molecular Biology and Protein Biochemistry
Dr Vineeta Rawat	Assistant Professor	Endocrinology and Bone cell Biology
Dr Dilip Yadav	Guest Faculty	Fish Biology
Dr Zaved Ahmad	Guest Faculty	Biological sciences

**Awards/recognitions in Academic Session 2024-25:**

1. Dr. Ashutosh Srivastava was elected as Fellow of the Linnean Society of London on 3<sup>rd</sup> April 2025
2. Dr. Vineeta Rawat has received the “Best Faculty Award for Teaching Innovations” during 6<sup>th</sup> International Conference on Environment and Society (6<sup>th</sup> ICES) by the Global Environment & Social Association, New Delhi.
3. One of our M.Sc. Student, Mr. Ankit Kumar was selected for the prestigious IASc-INSI-NASI Summer Research Fellowship.
4. The Department is currently hosting 01 major sponsored research project (SERB) and five minor research project (UP Higher Education Department and Seed Money Grant).
5. The department has published 09 research papers in high impact international journals.
6. Established 2 research labs (Aquanutri Innovation and research lab and Molecular endocrinology research lab) funded by the SUK seed money grant.

## DEPARTMENT OF BBA

### **Brief profile of the Department:**

The Bachelor of Business Administration (BBA) program serves as a dynamic bridge between education and the corporate world. It is a professional undergraduate course designed to nurture managerial skills, entrepreneurial thinking, and leadership qualities among students. Beyond books and classrooms, BBA focuses on experiential learning through projects, presentations, internships, and industry interactions, preparing students for real-world business challenges. The Bachelor of Business Administration (BBA) Department at Siddharth University, Kapilvastu, was established in the year 2020 to deliver high-quality management education to the widespread cross-section of students across India and neighboring nation Nepal. The department is committed to engaging members of faculty and scholars in quality academic and research activities by maintaining and strengthening the core infrastructure, state-of-the-art facilities, and an excellent pool of human resources. In a short span of time, the Department of BBA has grown impressively and attained widespread recognition from industry and academic spheres. The BBA course is designed to provide business knowledge and skills, both functional and integrative, in the field of business. During the course, we develop a student's view and outlook on leadership, entrepreneurship, and ethics. We inculcate the most essential theoretical and practical skills in our students, which help in their overall development. The department has adopted a syllabus as per the NEP-2020. ## DEPARTMENT OF SANSKRIT

### Brief profile of the department

Sanskrit, revered by the great sages as a divine language, is not merely a medium of communication but a way of life in India. Rich in moral values, knowledge, and scientific insight, Sanskrit conveys a universal message of peace and the purpose of human life. It stands as a pillar of Indian tradition and cultural heritage.

Established in 2021, the Department of Sanskrit is dedicated to the preservation and promotion of Indian culture and the Sanskrit language. The department is committed to imparting education rooted in the Indian knowledge tradition, culture, and ethical values embedded in Sanskrit, thereby contributing to the unity and integrity of the nation.

In the 2024–25 academic session, regular classes began in July, starting with the third-semester undergraduate and postgraduate (odd semester) courses. In August, the first semester for both undergraduate and postgraduate students commenced with regular teaching.

### Major achievement of the department during 2024-25:

The Department of Sanskrit is proud to highlight the academic accomplishments of its students during the year 2025, reflecting the department's continued commitment to excellence:

- Two students, Anand Kumar and Avantika Tiwari, qualified for the post of Assistant Professor by successfully clearing the UGC-NET Examination (June 2025).
- Three students, Vipul Bhardwaj, Antima Shukla, and Ratnesh Mishra, qualified for Ph.D. (Research Eligibility) through the UGC-NET Examination (June 2025).
- Seven students from the department qualified through an online entrance examination to participate in the seven-days National Workshop on "Research in the Indian Tradition of Knowledge", organized by Central Sanskrit University, New Delhi. Their travel, meals, and accommodation were fully sponsored, enabling them to gain national-level exposure in the field of traditional Indian research methodologies.

## INTERNATIONAL BUDDHIST CENTER

### (Centre of Excellence for Hinduism, Jainism and Buddhism)

This center of excellence has been established as a focal point of the Siddharth University, in order to expand the scientific approach to understanding the life through the teachings of Buddha. The Centre is dedicated to the study teaching and Research of Buddhism and its contemporaries such as Mahaveer Swami. The centre has an objective to study, teach and research upon the primordial of Buddhism, Jainism Traditions viz. Hindu or Santana Vedic philosophy, along with its related Indian and other Indian languages. The center has been organizing workshops, seminars and providing opportunities for the multidisciplinary research with an objective of propagating the humanistic values among students and society at large. The most prominent achievement of the center this year was digitization of rare manuscripts in the Acharya Karunesh Shukl Library. The library was established this year with the signing of the MoU with Nagarjuna Shodh Sansthan, Gorakhpur. By signing the MoU, the Shodhpeeth was able to acquire a priceless collection of rare manuscripts, some of these dating back to nearly thousand years ago. These manuscripts are being provided to the researchers through the 'Siddharth University Knowledge Hub (SUKH) which is an online portal of the Siddharth University.

#### **Major Activities:**

- Two-day international seminar on the historicity and contemporary relevance of global Buddhist thought on 12-13 May 2025.

## PT. DEEN DAYAL UPADHYAY SHODH PEETH

Siddharth University, Kapilvastu, Siddharthnagar established in Pandit Deen Dayal Upadhyay Research Chair, dedicated to the study, teaching and research of the thought-philosophy of Pandit Deen Dayal Upadhyay, is engaged in spreading the ideology related to Deen Dayal ji to the people. His integrated human philosophy is capable of giving a new direction to India. The philosophy he has given to the country, despite being modern, is covered with the essence of Indian culture or culture which has its soul. With this commitment, the work of a rich library is going on, in which all the subjects like Gyan Yoga, Karma Yoga, Bhakti Yoga can be accommodated so that an all-round beautiful all-knowledge research center can be created.

Pandit Deen Dayal Upadhyaya is considered one of the leading thinkers of modern India, whose philosophy of Integral Humanism provides a balanced approach towards development, culture and nationalism. India is currently witnessing rapid changes in social and economic structures - globalization, technological change, diversity and rising inequalities. Pandit Deen Dayal Upadhyaya's views seem increasingly relevant as his vision was holistic, human-centric and rooted in Indian values. Pt. Deen Dayal Upadhyay was a prominent modern Indian thinker who developed the philosophy of *Integral Humanism*, inspired by India's cultural and philosophical traditions. His ideas continue to serve as a guiding force for India's social, economic, and cultural development. The core aim of Integral Humanism is to understand the human being in totality—body, mind, intellect, and soul—and to ensure human-centered development. Pt. Deen Dayal Upadhyay's Integral Humanism is a comprehensive, culturally rooted, and human-oriented philosophy that addresses India's social and economic needs. In the present context, his ideas remain highly relevant and offer a practical path toward balanced, inclusive, and ethical development. At present, Dr. Sachchidanand Choubey is having the responsibility as Coordinator of Pt. Deen Dayal Upadhyay Research Chair and his continuous efforts are being made to establish the research chair at the global level. From time to time, Pandit Deen Dayal Upadhyaya Research Chair has been organizing public useful and nation useful programs based on nationalist concept.

### Activities

## **Siddharth University Vocal for Local (SUVOCA)**

To promote self-reliance and sustainable development, this ambitious initiative was adopted. Its primary goal is to strengthen the local economy and enhance entrepreneurship at the grassroots level. The main objectives of the SUVOCA initiative are:

- Make rural communities aware of the resources available around them and activate employment opportunities through small-scale schemes.
- Address the urban influence on Siddharthnagar district, which is a backward region, and guide rural women to rediscover their unique cultural identity.
- Promote employment-related activities in every region.
- Foster community spirit and development in rural areas.

Through this initiative, the university has adopted nine villages. Siddharth University also holds a moral responsibility to support sustainable development plans. It aims to enhance the value of locally available resources. For example, the cultivation of dyed cotton is a major product under the ODOP (One District One Product) scheme in Siddharth Nagar, and it has received GI tag recognition. Additionally, rural women are highly skilled, and the university is fulfilling its goal of supporting them through SUVOCA.

Local efforts are widely appreciated even in remote areas, which helps elevate the region's identity. This initiative will soon be visible on the global map.

Activities Promoted Under This Best Practice:

Promotion of local folk art

1. Preservation of local languages and dialects
2. Empowerment of rural women
3. Awareness about health and hygiene among rural women
4. Organization of festivals and celebrations in the district

Each region has its own unique characteristics, and our primary goal is to elevate them to the national level. A healthy society, unity, and cooperation are essential for the development of any nation. Through SUVOCA, efforts are being made to build social harmony and conduct awareness campaigns regularly.

### **Inspiration**

The inspiration behind SUVOCA comes from Hon'ble Chancellor and Governor Anandiben Patel Ji, who emphasizes special attention to rural areas. Her vision continues to guide the university family. Her thoughtful ideas benefit us continuously. This initiative is also aligned with the vision of Hon'ble Prime Minister Shri Narendra Damodardas Modi Ji for a healthy, inclusive, and self-reliant India.

### **Description of the Best Practice**

Under the Women Study Centre operated by Siddharth University, the SUVOCA initiative is being implemented. The university has conducted activities in the adopted villages. Initially, detailed information was provided about the cultural and historical significance of Siddharthnagar district. Villages like Naugarh and Phijgok have ancient archaeological sites. Therefore, villagers were made aware of their heritage and encouraged to preserve it. In the future, these sites will be developed for tourism, and local folk art will be promoted.

Efforts are being made to expand small-scale cultural products under this initiative. Initially, it was observed that most women were not empowered. Therefore, a campaign was launched to empower them, where they were grouped in primary schools during morning hours and trained by teachers. Some women also showed interest in singing and folk music. They were encouraged to perform folk songs with proper rhythm and will be provided platforms in the future. Their songs are also broadcast on social media, gaining popularity.

Under SUVOCAL, activities like embroidery, knitting, and weaving are taught in a simple manner. Women are encouraged to create new designs and make small toys and items, which are then displayed in nearby villages. This helps low-income families buy toys for their children.

### **Success**

The university team regularly visits the adopted villages and supports these activities. As a result, women are becoming empowered and folk culture is being promoted. They are making toys and decorative items. They sing folk songs during festivals and also engage in painting and coloring work. Now, more rural people are actively participating in SUVOCAL-related activities.

### **Challenges Faced During Implementation**

The university faced initial challenges in implementing SUVOCAL due to the remote location of Siddharth Nagar district. Roads are often damaged during the rainy season, and reaching rural areas requires travel by foot. Vehicles are also needed to reach the university level. Initially, support was taken from village heads, and women groups were formed in primary schools where plans were explained. As a result, more women are participating. Publicity is also being done through social media.

## Buddhasaya Naivedyam Centre

A dedicated centre for the distribution of **Kala Namak Rice**, a unique and indigenous variety from Siddharth Nagar district, particularly the Birdpur Block, renowned for its production. This initiative promotes the region's agricultural heritage while making the prized rice available to students and visitors.

### Mission Shakti

Mission Shakti is a mission-mode initiative aimed at ensuring women's safety, dignity, self-reliance, and empowerment. The fifth phase of the Mission Shakti campaign aims to empower women and raise awareness about their rights. This campaign aims to create opportunities, provide resources, and promote leadership among women.

On October 3, 2024, on the occasion of Sharadiya Navratri under the 90-day action plan, the government directed the organization of various programs and competitions. According to these guidelines, various activities, programs, and competitions were organized at Siddharth University, Kapilvastu, Siddharthnagar, under the guidance of Honorable Vice -Chancellor, Professor Kavita Shah, in coordination with Dr. Sunita Tripathi, Nodal Officer of Mission Shakti Phase 5, and Dr. Renu Tripathi and Dr. Raksha as Co-Nodal Officers.

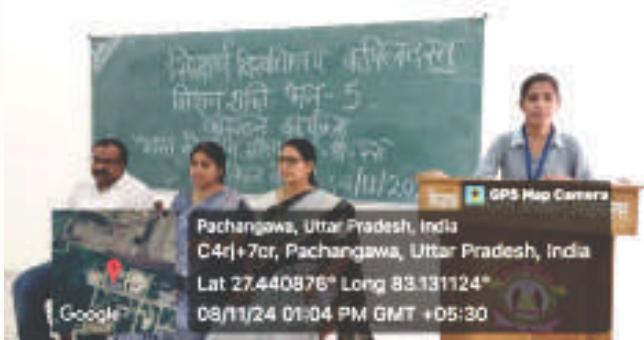

On October 18, 2024, under Mission Shakti, a lecture entitled "Bharat ki Veeranganaye" was organized in Room No. 3 of the Faculty of Arts at Siddharth University. Students were briefed in detail about Indian women freedom fighters. On October 19, 2024, an essay competition was held on the topic "The Role of Mission Shakti in Women's Safety and Empowerment." On October 21, 2024, an awareness program was organized, providing information related to women's safety in accordance with the Vishaka Guidelines. On October 22, 2024, a slogan competition was held on the topic of Mission Shakti and Women's Empowerment. On October 24, 2024, a lecture and awareness program was held on women's rights and laws. On October 25, 2024, a speech competition was organized on the topic "The Need for Women's Safety and Empowerment in Contemporary Society." On October 26, 2024, Mental Health Counseling was conducted, in which students' mental health issues were discussed. Ms. Roshni, a member of the Mental Health Counseling Center, provided stress-free counseling to students and

provided counseling regarding their problems. On November 6, 2024, a lecture was held on "Savitribai Phule, India's First Female Teacher," in which students were told in detail about the life and struggles of Savitribai Phule and advised to draw inspiration from her life. On

November 8, 2024, a lecture program was organized on the life and achievements of Kiran Bedi, India's first female IPS officer. On November 9, 2024, students were briefed in detail about women's helpline numbers, to receive immediate assistance in times of crisis. On November 11, 2024, a poetry reading was organized under Mission Shakti, in which students recited self-composed poems related to the empowerment of women and girls. On November 13, 2024, as part of an awareness program, students were provided information about good touch and bad touch. On November 14, 2024, a health check-up camp was organized for students, where common health problems were assessed. On November 19, 2024, a lecture program was held on the topic of 'Rani Lakshmibai, India's First Female Freedom Fighter.' On November 21, 2024, an awareness program on cervical cancer was organized, in which students were informed in detail about its symptoms and prevention. On November 27, 2024, a training program was organized for students' skills development. On December 2, 2024, a lecture and awareness program related to health and nutrition were organized. Under this program, the students were provided with important information regarding nutrition, behavior, and daily routine, and were told about the importance of cleanliness. On December 7, 2024, a discussion and debate program and awareness program was organized on the topic of eliminating gender-based violence, in which issues of gender inequality and harassment were discussed. The need for constant awareness was emphasized to eliminate such distortions in society.

The fifth phase of Mission Shakti's special campaign was launched by Uttar Pradesh's Honorable Chief Minister, Yogi Adityanath, on September 22, 2025. A 90-day action plan has been established under this fifth phase of the special campaign. Various programs are also being organized at Siddharth University under the Mission Shakti Phase-5 special campaign.

### Siddharth University Knowledge Hub (SUKH)

The primary objective of Siddharth University Knowledge Hub (SUKH) is to enhance knowledge accessibility and educational inclusivity through:

1. Creating an online platform and repository where faculty members can upload their lectures, notes, video lectures, etc.
2. Enabling students to upload their project work (assignments), research project reports, and research papers in the future.
3. Making rare manuscripts available online.

## **Inspiration**

The idea of such a knowledge hub emerged during the COVID-19 pandemic when faculty members began conducting online classes and sharing their lectures and notes digitally. As a result, under the guidance of Hon'ble Governor Smt. Anandiben Patel, the goal of creating an online repository was set.

## **Description of the Best Practice**

This is an online hub operating at the local level of Siddharth University and is accessible through the university's website. Each faculty member is provided with a unified login system through which they upload their academic content to the hub.

It is available to all university students. Students can log in to their accounts, view lectures, and ask questions to the concerned faculty members. This has led to the development of an interactive learning system.

Siddharth University is located on the sacred land of Gautam Buddha, and through its efforts, rare manuscripts have been acquired by the university's Buddhist Studies Centre. These manuscripts have been digitized and made available online for research and educational purposes.

## **Success**

Through the Siddharth University Knowledge Hub, students are easily accessing lectures, notes, and other academic materials. Researchers and the general public also have access to rare manuscripts for study and research.

## **Challenges and Requirements**

The hub operates via web-based access, which requires high-speed internet connections—especially for viewing video lectures. The main challenge in accessing the hub is poor internet connectivity outside the university campus, as Siddharth University is located near the India-Nepal border where internet access is limited to a few users (students).

Although the university campus offers free Wi-Fi (500 Mbps), students outside the campus face low internet speed issues. In addition to connectivity, low digital literacy is another major challenge.

To address this, Siddharth University plans to organize various educational programs in nearby areas to improve digital literacy among both students and the general public.

## **Remarks (Practical Implementation)**

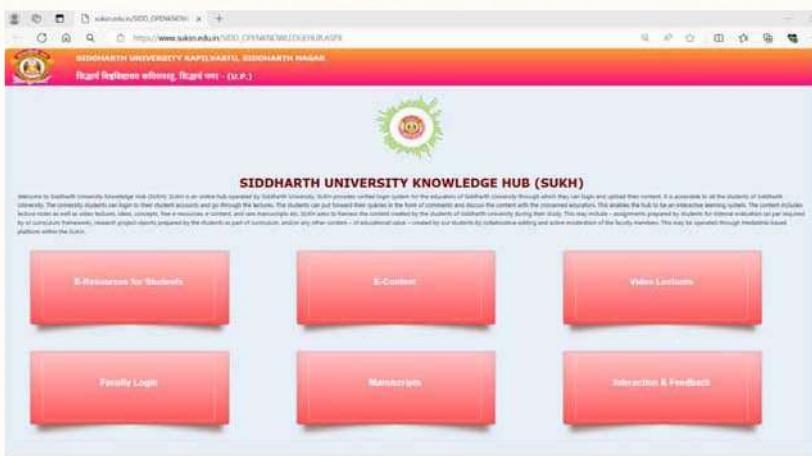

Our future plan includes utilizing content created by students during their academic journey. This will include:

- Assignments prepared by students for internal assessment (as per curriculum requirements)
- Research project reports prepared by students as part of the curriculum
- Any other academic material collaboratively edited and actively moderated by faculty members and students

This content will be managed through a media-based platform under SUKH.
